

ATASCADERO CHRISTIAN ACADEMY

Mission Statement:

To equip the next generation to follow Christ in heart, soul, & mind with relational discipleship, a Biblical worldview, and academic excellence.

Theme Verse: Philippians 2:15

“Shine as lights in the world.”

Vision:

To create a Christian middle and high school academy in north SLO county that will provide a spiritual community, character development, college prep, and vocational training for our youth. We want to see the youth in our community prepared to stand firm in their faith and be lights in the darkness. ACA will leverage public and charter academic programs to provide flexibility and affordability in education. We will offer a full-time school week schedule with “a la carte” course options for part time students. Athletics will be accessible through public school independent studies programs as well as intramural private team sports, clubs, and events.
